Dear Lauren,

First, we would like to thank you for considering attendance at the Peterborough Saturday Farmers Market and making application for the summer 2017 season.

We have had the opportunity to review your inquiry. Upon investigation it had been determined that the reason your application was declined for this season was that there is already a high population of vendors offering the same products and that too much duplication is not in the best interest of the market and for the other market vendors. The board agrees with this position.

For the term of January 1 – April 30<sup>th</sup>, 2017 the market was low on the products you offer and such your application was approved. Thus provided a great mix for the customers and filling a void area during that time.

As you can appreciate the Peterborough Saturday Farmers Market is a growing organization in every way attracting a large number of customers but also shown proven interest in vendor applications. Unfortunately not all applications can be accommodated.

We welcome you to re-apply every year and we will gladly reconsider your application during the next intake for the fall/ winter season.

We thank you for your understanding and wish you a wonderful summer.

On behalf of the 2017/2018 Board of Directors

*Cindy Hope*
